ABOUT VETIAS

VET Institute of Arts and Science (VETIAS), affiliated to Bharathiar University, Coimbatore, the youngest member of the Vellalar family is an intellectual community that nurtures student learning, fosters faculty research and creative activity.

The institution emphasises on collaborative learning, individual intellectual development, and respect for diverse points of view, preparing students to become critical thinkers, strong communicators and ethical leaders with global perspective.

Our students will graduate understanding that what they do beyond the classroom can make an impact on the world since knowledge, understanding and intellectual courage for a purposeful life are woven into the fabric of their education.

ABOUT THE DEPARTMENT

The School of Computer Science with two UG departments B.Sc (Computer Science) and B.Sc (Computer Science & Applications) was started in the year 2020, with the intake of 60 students and the department is facilitated with highly qualified, committed and expert members of faculty. The Department organises several enhancing functions through the department association **CHETANA** to encourage the students and the members of faculty.

OBJECTIVES OF THE FDP

As a researcher, it is mandatory for one to understand the basics, to have a core idea to satisfy the purpose of Research and establish an acceptable conclusion. This FDP will be an opportunity to the academicians to enhance their researching skills and understand research methodologies. This FDP program will cover aspects relating to literature review, framing objective, collection of data, analysing the data and finally framing it into a research paper. This FDP aimed to orient participants towards developing their own research plan, with due attention to every stage of research.
